SUMMARY

Detail-oriented B.Tech graduate in Artificial Intelligence and Machine Learning with experience in corporate training, business documentation, and professional communication. Proficient in Microsoft Office Suite and Google Workspace, with a record of managing multiple priorities, meeting deadlines, and producing structured reports. Completed Deloitte's Data Analytics Job Simulation and an NSDC-backed employability programme with 96% (Grade A+).

EXPERIENCE & TRAINING

Deloitte – Data Analytics Job Simulation

May 2026

Data Analytics Virtual Experience Participant (Forage)

- Completed Deloitte's Data Analytics Job Simulation by analysing business data and preparing structured reports in a simulated consulting environment.
- Developed concise summaries and presentation-ready outputs, strengthening documentation and business communication skills.
- Demonstrated attention to detail, independent task management, and professional reporting practices throughout the programme.

Wipro TalentNext Digital Skills Readiness Programme

Jul 2025 – Oct 2025

Java Full Stack Trainee

- Completed a three-month corporate training programme while managing concurrent coursework and assessment deadlines.
- Prepared documentation, progress reports, and structured deliverables, building business writing and reporting skills.
- Worked in a deadline-driven environment that strengthened accountability, organisation, and prioritisation.

Google & Kaggle – 5-Day AI Agents Intensive Course

Dec 2025

AI Agents Programme Participant

- Completed training in AI-assisted productivity tools, agentic workflow design, and task automation techniques.
- Built familiarity with using AI tools to organise information, streamline workflows, and support fast-paced work execution.

BrainOVision Solutions Pvt. Ltd.

May 2024 – Jul 2024

AI/ML Engineering Intern

- Collaborated with engineering teams to complete assigned workstreams, meet deadlines, and maintain documentation.
- Communicated findings through structured written and verbal updates, strengthening professional reporting skills.

Java Full Stack Development Training

Apr 2024

Trainee

- Built database-driven web applications using Java, JDBC, JSP, and Servlets while applying structured problem-solving and attention to detail.

PROJECTS

Real-Time Credit Card Fraud Detection

Python, XGBoost, SMOTE, Machine Learning

- Built an ensemble-based fraud detection model on a 284,807-transaction dataset using feature engineering and class balancing techniques.
- Developed a real-time detection pipeline, demonstrating analytical thinking, precision, and structured problem solving.

Bike Sharing Demand Prediction

Python, Scikit-learn, Regression Modelling

- Developed regression models to forecast hourly bike rental demand and improved prediction accuracy by 12% through hyperparameter tuning.

AI-Powered Chatbot Application

Python, Flask, Selenium, APIs

- Built a multilingual chatbot web application integrating APIs, speech synthesis, and automation utilities.
- Used Selenium-based workflows to support dynamic content retrieval and real-time language translation.

EDUCATION

PBR Visvodaya Institute of Technology and Science (Autonomous)

2022 – Present

B.Tech in Artificial Intelligence and Machine Learning, JNTU Anantapur

Kavali, AP

- CGPA: 6.35

Sree Chaitanya Junior College

2020 – 2022

Intermediate (MPC – Mathematics, Physics, Chemistry)

Kavali, AP

- Percentage: 55%

Redfields School

2020

Indian Council of Secondary Education (ICSE)

Kavali, AP

- Percentage: 90%

SKILLS

- **Microsoft Office Suite:** MS Word, MS Excel, MS PowerPoint, MS Outlook, MS Teams
- **Productivity & Collaboration:** Google Workspace, Google Docs, Google Sheets, Google Slides, Google Drive
- **Core Competencies:** Business Communication, Administrative Coordination, Documentation & Reporting, Stakeholder Coordination, Planning & Prioritisation, Time Management, Attention to Detail, Team Collaboration
- **Programming Languages:** Python, Java, SQL
- **Development Tools:** Git, Maven, IntelliJ IDEA, Eclipse, VS Code, Flask, Selenium
- **Databases:** MySQL, Firebase
- **AI & Productivity Tools:** Prompt Engineering, AI-Assisted Workflows, Large Language Models, Google Gemini

CERTIFICATIONS & ACHIEVEMENTS

- **Certification in Employability Skills – Grade A+ (96%)** – EduBridge Learning Pvt. Ltd., Nirmaan, NSDC
- **Google Prompting Essentials Specialisation** – Google and Coursera
- **Google AI Essentials Specialisation – National AI Skilling Initiative Scholar** – MIB, IICT, Google, YouTube, Coursera
- **Achievement:** Selected among 15,000 learners under the National AI Skilling Initiative
